

Hire on evidence, not instinct.

Minimum effort, maximum reward.

STARselect runs the whole search in one place. It ranks your applicants right inside your job board or ATS, maps the market on your own LinkedIn, contacts candidates for you and writes a tailored STAR interview for every person you meet, so your time goes to the people genuinely worth a conversation.

BROWSER EXTENSION

Every applicant ranked, right where they applied

Open an applicant in SEEK, Indeed, LinkedIn or any ATS in Chrome or Edge, right-click, and STARselect ranks their CV against your must-haves on the spot, with the reason for every rating. No downloading or uploading CVs: everyone lands in your pipeline.

LINKEDIN MARKET MAPS

The whole market, searched and graded

Connect your LinkedIn or LinkedIn Recruiter account. STARselect runs the searches, grades everyone it finds against the brief and builds a ranked market map you can download to Excel, ready for outreach when you are.

TAILORED INTERVIEW GUIDES

A STAR interview written for each candidate

It reads the candidate's CV against the role description and writes STAR questions (Situation, Task, Action, Result) that test exactly what their CV claims, with follow-up prompts and a scorecard your panel can print or fill in on screen.

From brief to interview, in one workspace

1

Add the role description

Upload it or add it from your job ad. The brief is set up for you.

2

Applicants reviewed live

Ranked inside your job board or ATS as you open them.

3

LinkedIn searched

Searches run on your account to build the market map.

4

Everyone ranked

Graded against the brief, strongest at the top, reasons shown.

5

Contact made

Personal messages, follow-ups, a polite "no" and self-booked interviews.

6

Interview written

STAR questions, prompts and a scorecard for each person.

Also in STARselect

Evidence check. How well a CV or LinkedIn profile backs up its claims: what's vague, what doesn't add up and possible duplicates, with questions to test it.

How each ranking was made. Grades, evidence, scoring and who reviewed it, plus privacy policy wording for Australia's automated decision rules.

Talk to STARselect. Say what you want: open a vacancy, add must-haves or search keywords, move someone on or run a LinkedIn search.

Pre-screen links. Email or text a link; candidates answer online, typed or spoken, and STARselect scores and summarises the answers.

Licences and registrations. Site safety cards, trade and plant licences and professional registrations, with official register links and expiry reminders.

Grading your way. Strict, balanced or relaxed: you choose how firmly CVs are graded against the brief.

Messaging and invitations. By LinkedIn or your own mailbox, with automatic follow-ups and interview times candidates book themselves.

Applicant tracking. Vacancies, pipeline and candidate records from first contact to offer, with calls and texts from your phone.

Your 30-day free trial includes

- ◆ Every feature, for up to 3 people
- ◆ 500 CVs ranked or scored against your brief
- ◆ 40 tailored interview guides
- ◆ LinkedIn market maps of up to 1,000 people
- ◆ Messaging, follow-ups and interview invitations

Nothing to pay and no card details. Everything you save stays in your account.

Then choose a plan

Professional	\$59 a month, or \$49 billed yearly
Professional Plus	\$99 a month, or \$79 billed yearly
Team (2 to 10 people)	\$49 per user a month, or \$39 yearly
Team Plus	\$85 per user a month, or \$69 yearly
Enterprise	Priced for your team

Plus plans have three times the monthly allowances. Prices in AUD, excluding GST. Every plan includes every feature. Your data belongs to your organisation, is stored in Australia and is never sold.

Start hiring on evidence today.

Create your account in a couple of minutes and your 30 days start straight away.
